

SADD thanks you for your support

Dear Editor:

On Oct. 5 Rushville Consolidated High School was treated to a wonderful program called "The National Save a Life Tour."

This group presented an in-your-face, multimedia presentation about the dangers of drinking and driving. Many students and faculty members throughout the day had an opportunity to drive a drunk driving simulator. This program was enlightening, informative and entertaining.

We would like to thank the following groups that gave generously for this program to come to our high school. Those people are Rushville Wal-Mart, the Local Coordinating Council for Drug Free Schools, Rush County Sheriff Jim Owens and Rush County Prosecutor Paul Barada. Without their generous financial support we would not have been able to bring this outstanding program to our student body.

Thank you also to the RCHS administration, Athletic Director Dave Green and his staff at Memorial Gym and Superintendent Dr. Williams for allowing us to help our fellow peers.

Gratefully,

RCHS SADD Student Board
